

## ASSIGNMENT 4

Date	02 November 2022
Team ID	PNT2022TMID53515
Roll No	2127190801060

**Write code and connections in wowki for ultrasonic sensor.**

**Whenever distance is less than 100cms send “alert” to IBM cloud and display in device recent events.**

**Program Code:**

```
#include "Ultrasonic.h"
Ultrasonic ultrasonic(6,2); int
distance; void setup()
{
Serial.begin(9600);
}
void loop() {
```

```
distance = ultrasonic.read(CM); Serial.print("Distance  
in CM: ");  
Serial.println(distance); if  
(distance < 100)  
Serial.print("alert");  
Serial.println(); delay(3000);  
}
```

## OUTPUT:
