IBM CLOUD SERVICES :

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a header with 'Untitled' and navigation links for 'Edit dashboard', 'Upgrade account', and a 'Create resource' button. Below the header, a 'For you' section features a horizontal carousel of service tiles. The first tile is 'Build', which is highlighted in blue and purple, with the text 'Explore IBM Cloud with this selection of easy starter tutorials and services.' Other tiles include 'Get Started with Watson Studio' (15 minutes), 'Get started with Watson Discovery' (2 hours), 'Explore IBM Cloud Shell' (2 minutes), 'Get Started with the CLI' (10 minutes), and 'Create' (custom scope). Each tile has a 'Popular', 'Recommended', or 'Getting started' label and a duration. To the right of the carousel is a 'Select an option' dropdown. Below the carousel, there are three main sections: 'User access' with a 'Manage users' link, 'News' with a 'View all' link and a list of articles including 'WebSphere Application Server Support Restatement' and 'IBM Adds Lifecycle Services to Enterprise Networking and Deepens Strategic Partnership with Cisco', and 'Planned maintenance' with a 'View all' link. A blue button with a speech bubble icon is located at the bottom right of the dashboard.
