Project Name	Signs with Smart Connectivity for Better Road Safety

CREATE AN ACCOUNT IN OPENWEATHER MAP WEBSITE :

The screenshot shows the OpenWeatherMap website's API keys management interface. At the top, there's a navigation bar with the OpenWeather logo and various links like 'Weather in your city', 'Guide', 'API', 'Dashboard', 'Marketplace', 'Pricing', 'Maps', 'Our Initiatives', 'Partners', 'Blog', 'For Business', 'Dhar...', and 'Support'. Below the navigation bar, a green notice box states 'Signed in successfully.' followed by a red warning box: 'You have to verify your email to use OpenWeatherMap services. Please [click here](#) to get an email with the confirmation link.' A horizontal menu below the warning box includes 'New Products', 'Services', 'API keys' (which is highlighted), 'Billing plans', 'Payments', 'Block logs', 'My orders', 'My profile', and 'Ask a question'. A light blue box below the menu says: 'You can generate as many API keys as needed for your subscription. We accumulate the total load from all of them.' The main content area features a table with columns: 'Key', 'Name', 'Status', and 'Actions'. The first row shows a key '22aa01c42f0c7e0d38ecb57f4fc65226', name 'Default', and status 'Active'. To the right of the table is a 'Create key' section with an input field for 'API key name' and a 'Generate' button. At the bottom, there's a footer with 'Product Collections', 'Subscription', and 'Company'.

Key	Name	Status	Actions
22aa01c42f0c7e0d38ecb57f4fc65226	Default	Active
